SUMMARY OF TAX CREDITS FOR HOMEOWNERS

Product Category	Product Type	Tax Credit Specification	Tax Credit	Notes
Windows & Doors	Exterior Windows	U factor \leq 0.30 SHGC \leq 0.30	30% of cost, up to \$1,500	<i>Not all ENERGY STAR labeled windows and skylights qualify for tax credit.</i>

How has the new Stimulus bill affected the tax credits for energy efficient home improvements?

On February 17, 2009, President Obama signed a stimulus bill (The American Recovery and Reinvestment Act of 2009) that made some significant changes to the energy efficiency tax credits. The highlights are:

The tax credits that were previously in effect for 2009 have been extended to 2010.

The tax credit has been raised from 10% to 30%.

The tax credits that were for a specific dollar amount have been converted to 30% of the cost.

The maximum credit has been raised from \$500 to \$1500 for the two years (2009–2010).

The \$200 cap on windows has been removed.

***4000 Double Hung with High Performance Low-E w/Argon & Grids must be ordered to qualify for stimulus package. **Free Colonial Grid Offer for Flat Grids Only**
